- a. Street Culverts
 - i. The issue is scheduled to be on the Inyo County Board of Supervisor agenda for July 22nd. Discussion continued with the question of adding a requirement for culvert grates to the BCWA Bylaws. The board reviewed a list of street culverts that carry Bishop Creek water.

 - o Street culvert blockage at 3068 Laurel Rd is on hold waiting for ICRD.
- b. Leakage from Waterson Area Ditch unto LADWP: Robert Atley is concerned with the situation including blackberry bushes obstructing flow and a hole in the wall. A survey by DWP may need to be conducted to determine responsibility for an obstructing tree.
- c. Water Rights Filing: waiting on write up from LADWP
- d. Collection of Past Due Assessments: Gene reviewed status of accounts receivable, and the board discussed the process for recovery and the need to involve small claims court and liens.

Bishop Creek Water Association, P.O. Box 1273 Bishop CA 93515-1273

Dear Sirs,

We have been assessed an annual fee of \$40.00 by you for water flowing in our backyard ditch/pond. However, for almost half of last year, we had no water in our ditch due to a culvert issue at Laurel Street. We called the Watermaster as well as Board Members numerous times to try to get water in our ditch. In order to keep tadpoles alive in our pond, we had to run treated tap water into it for lengthy periods of time which is totally wasteful of this resource. We have always fully maintained the section of ditch on our property and expect that Inyo County or the Bishop Creek Water Association will maintain the culverts so we can get the water we are entitled to.

We will pay the full amount of our assessment under protest. We hope that no further lengthy shutdowns of our ditch will occur due to maintenance issues which should be foreseen.

Sandy Morris

Yours sincerely,

Brian and Sandy Norris
